

Summary and next steps

Proposed next steps

1. The Task Group moves forward with the proposed Implementor Forum set-up
2. Process for registering issues (bugs, improvements) to the OCX Schema
 - We suggest to use GitHub to register schema issues
 - The Coordinator invites members to a session explaining how to register a new issue using GitHub
 - The process will be documented on the Consortium website
3. The Coordinator Call for a OCX Full Member SC meeting early Q1 2023 to discuss:
 - Status on OCX-IF
 - Standard evolution planning
 - Discuss strategic direction and engagement
